27
Mineral fuels, petroleum and products of its refining; bitumens; mineral wax
5

28
Products of non-organic chemistry; inorganic and organic compounds of precious and rare-earth metals, radioactive elements or isotopes
5

Except for:

2815
Sodium hydroxide (caustic soda), potassium hydroxide; peroxide of sodium and potassium
10

282612000
Aluminium fluorite
15

282630000
Hexafluoraluminate of sodium (synthetic cryolith)
15

29
Organic chemical compounds
5

Except for:

290539
Other diols
free of duty

290721000
Resortsin and its salts
free of duty

290722
Hydrochinon (chinol) and its salts
free of duty

From 290941000
Dietilenglycol, digol (only chemically pure)
free of duty

290944000
Ethers of ethilenglycol
free of duty

291221000
Benzaldegid
free of duty

291422000
Cyclohexanon and methylhexanon
free of duty

291523000
Cobalt acetate
free of duty

From 291529000
Triacetate of antimony
free of duty

2915á0900
Valeriana acid and its isomerics, their salts and compound ethers
free of duty

291570
Palmetic and stearic acids, their salts and compound ethers
free of duty

From 291639000
Ibuprofen
free of duty

291712100
Adipic acid and its salts
free of duty

291719100
Malonic acid, its salts and compounds ethers
free of duty

291736000
Terephthtalic acid and its salts
free of duty

From 291739900
Isophthalic acid
free of duty

291811000
Lactic acid, its salts and compound ethers
free of duty

291813000
Salts and compound ethers of a wine acid
free of duty

291814000
Lemon acid
free of duty

291821000
Salicylic acid and its salts
free of duty

292112000
Diethylamin and its salts
free of duty

From 292159000
Bromhexine

free of duty

292211000
Monoethanolamin and its salts
free of duty

292242000
Glutamine acid and its salts
free of duty

From 292250000
Tramadol
free of duty

292310100
Choline chloride
free of duty

From 292520900
Glybutid
free of duty

From 292690900
Verapamil
free of duty

292910000
Isocyanites
free of duty

2933
Heterocyclic compounds containing only heteroatoms of nitrogen; nucleic acids and their salts
free of duty

Except for:

293361000
Melamine
5

From 293430900
Triftasine
free of duty

293490400
Furasolidon
free of duty

From 293500000
Diabeton (glycloside), glurenorm, furosemid
free of duty

2936
Provitamins and vitamins, natural and synthetic (including natural concentrates), their derivatives, used basically as vitamins, and mixture of these compounds, including in any solvent
free of duty

2937
Hormones natural and synthetic; their derivatives, used basically as hormones; other steroids used basically as hormones
free of duty

Of 293810000
Rutin
free of duty

2939
Alcoloids of vegetable origin, natural or synthetic, their salts, simple and compound ethers; other derivatives
free of duty

Of 294000900
Venter (supralfat)
free of duty

2941
Antibiotics
free of duty

Except for:

Of 294110000
Ampicillinum trihydrate
10

Oxacillinum
10
6-ÀÏÊ
10

Benzilpenicillinum
10

Phenoxymethylpenicillinum
10

Ampicillini sodium salt
10

From 294120900
Streptomicinum
10

From 294130000
Oxytetracyclinum
10

Tetracycline hydrochloride
10

From 294140000
Levomycetinum
10

From
294150000
Erythromicinum
10

From 294190000
Canamycini sulphate
10

Linkomycinum
10

30
Pharmaceutical products
10

Except for:

300331000
Those containing insulin
free of duty

300431
Preparations, containing insulin
free of duty

31
Fertilisers
10

32
Extracts for tanning and dyeing; tannins and their derivatives; dyes, pigments and other colouring substances, paints and varnishes; fills and other mastics; inks (typographic paints)
5

33
Ether oils and resinoids; perfume, cosmetics and toilet items

3301
Ether oils (free from or bound to terpens), including concretia (solid flower extracts) and essences; resinoids; concentrated ether oils in fats, non-volatile oils, waxes and similar substances extracted by the method of enflorage or by maceration; terpen side products of deterpenisation of ether oils; water distillates and water solutions ether radio oils
free of duty

3302
Mixtures of fragrant of substances, mixtures (including alcohol solutions), obtained on the basis of one and more of such substances, used as industrial raw materials
free of duty

330300
Perfumes and toilet water
25

3304
Cosmetics or make-up items or agents for skin care (except for medicinal items) including sun protection and for suntan; preparations for manicure and pedicure
20

3305
Items for hair
15

3306
Items of hygiene of for the mouth cavity and teeth, including fixing powders and pastes for tooth prosthetics
free of duty

Except for:

330610000
Substances for cleaning of teeth (liquid, paste-like and powder-like)
10

3307
Shave and after shave items, deodorants of individual assignment, compositions for baths, agents for removal of a hair and other perfume, cosmetics items not named in any other place; deodorants for premises, with fragrance or without fragrance having or not having disinfectant properties
15

34
Soap, detergents, lubricants, artificial and ready waxes, compositions for cleaning and polishing, candles and similar items, pastes for modelling, plasticine "dentist's wax " and compositions on the basis of gypsum for dentist purposes
15

Except for:

3403

Lubricant materials (including lubricating and cooling emulsions for cutting tools, for sealing of screw and nut thread, items for removal of rust and anti-corrosion substances, preparations made on the basis of lubricants for extraction of castings from foundry moulds) and agents used for grease processing of textile materials, leather, furs and of other materials (except for items which contain not less than 70 mas. of petroleum or petroleum products extracted from bitumen rocks)
5

340700000
Pastes for modelling (including plasticine for children's modelling); "dentist's wax " or compounds for making of moulds of teeth in sets, intended for retail sale or in form of plates, in form of horse shoes, in bars or similar forms; agents for dentist purposes other, made on a basis of gypsum (calcinated gypsum or calcium sulphate)
free of duty

35
Protein substance; modified starches; glues; ferments
5

Except:

350400000
Peptones and their derivatives; other protein of substance and their derivatives, not mentioned in any other place; a powder from box-calf and non-box-calf leather
Free of duty

3507
Enzymes; enzyme preparations, not mentioned in any other place
free of duty

36
Explosive substances; pyrotechnic items; matches; pyrophosphorous alloys; certain types of combustible substances
30

37
Photo and film goods
10

Except:

370110
Photoplates and photographic films for x-ray, flat sensibilised, unexposed, of any material (except for paper, cardboard or textiles)
free of duty

370210000
Photographic films x-ray in rolls sensibilised, unexposed, from any materials (except for paper, cardboard and textiles)
free of duty

370232990, 370255000, 370256900
Photographic film unexposed
5

3706
Cinema film exposed and developed, including that with a sound path or without a sound track, or consisting only of a sound track
30

38
Other chemical products
5

Except:

3808
Insecticides, rodenticides, fungicides, herbicides, anti-germination agents and for regulation of plant growth, items for desinfection and those similar to them, packed for retail sale or ready preparations or in form of finished preparations and items (for example, tapes processed by sulphur, matches, candles, sticking paper for flies)
free of duty

3811
Anti-detonating agents, anti-oxidants, inhibitors of resin formation, thickeners, anti-corrosion substances, other additives to petroleum (including petrol) and other liquids, used for the same purposes as petroleum products
free of duty

3812
Accelerators of rubber vulcanisation ready; plastifyers for rubber or plastics not mentioned in any other place; anti-oxydants and stabilisers other for rubber or plastics
free of duty

3815

The initiators, accelerators and catalysts of chemical reactions, not mentioned in any other place
free of duty

382200000
Compound reagents for diagnostics or laboratory (except for those indicated in subpositions 3002 or 3006)
free of duty

382360
Sorbit (except for that indicated in subitem 290544)
free of duty

382390910
Products and compounds used in pharmacology and surgery, other
free of duty

39
Plastics and items from them

3901-3914
Polymers in the primary forms
10

Except for:

From 390319000
Polystyrol freon-resistant

15

8403
Boilers for central heating, except for boilers, indicated in the commodity position 8402
15

8404
Accessory equipment for use with boilers, indicated in the commodity positions 8402 and 8403 (for example, economisers, overheaters, sute removers, gas recouperators), condensers for water steam and other steam power installations
5

8405
Gas generators or steam generators with purifying devices or without them
20

8406
Water steam turbines and other working substances
20

Except for:

840690000
Parts (components and elements)
10

From 840734
Engines for buses, intended for carriage of not less than 20 persons, including the driver
5

840810
Ship engines
5

From 840820

Engines for buses, intended for carriage of not less than 20 persons, including the driver
5

8409
Parts, intended specifically or basically for engines indicated in commodity positions 8407 and 8408
5

8410
Hydroturbines, water-wheels and controls for them
20

841121, 841122
Engines turbine-propelled
20

841181100, 841182100
Gas turbines for civil aircraft
20

841182990
Gas turbines with capacity higher than 50000 kW
20

8412
Engines and power installations other
20

8413
Pumps liquid with meters or without them; lifts of liquids
5

8414
Vacuum pumps; air and gas compressors, fans; ventilation hoods with a fan and with a filter or without it
5

except for:

841430300
Compressors used in refrigerating machinery with capacity not more than 0.4 KW
free of duty

8415
Installations for conditioning air, equipped with a fan with engine and instruments for measurement of air temperature and humidity; conditioners in which humidity is not controlled separately
20

Except for:

From 841581900
Industrial conditioners with automatic temperature and humidity control for maintenance of a micro climate in special-purpose industrial premises
5

841590
Parts
5

8416
Fuel jets for liquid fuel, burner devices for powder-like solid fuel and gas burners; mechanic stokers and mechanic lattices, grate-bars, ash-removers and other similar devices
5

8417
Furnaces and chambers industrial or laboratory including litter-incinerators, not electric
5

8418
Refrigerators, freezers and other refrigerating and freezing equipment or of other types; thermal pumps, except for installations for air conditioning from commodity position 8415
20

Except for:

Of 841810- 841840
Refrigerators and freezers for household
25, but not less than 0.3 ecu/litre of capacity

841920000
Medical sterilisers, surgical and laboratory
free of duty

Of 841989900
equipment for medical industry
free of duty

8422
Dish washing machines; equipment for washing and drying of bottles or other vessels; equipment for filling and capping of bottles, jars, sealing of boxes, sacks and or containers, and also for pasting of labels; other equipment for packing or wrapping; equipment for carbonating of drinks
5

Except for:

842211000
Dish washing machines for household
20

Of 842220000;
Of 842240000
equipment for medical industry
free of duty

842290000
Parts
Free of duty

8424
Mechanical devices (including with a hand-operated controls) for spraying or pulverising of liquid and powder-like materials; fire extinguishers (ready or unloaded); sprays and similar devices; steam-stream and sand-stream and similar ballistic devices
5

Except for:

842481
Other apparata or for spraying and pulverising for agriculture or gardening
10

8425
Hoists and elevators except for skip lifts; hoists and êàáåñòàíû; jacks
20

Except for:

842520000
Hoists of mining lifting installations
free of duty

8426
Derrick-cranes; lifting cranes of various types including cable-cranes; lifting chassis mobile; stand conveyors and automobile-workshops with elevating crane
20

Except for:

842619000
Bridge cranes, Derek, portal, mobile lifting chassis and stand conveyors, other
10

842630000
Cranes portal and tower arrow
10

Of 842641000
Machines and mechanisms self-propelled elevating, on a wheel propulsion, with the carrying capacity of 75 t and more than
5

842691
Machines and mechanisms elevating, intended for installation on road vehicles
10

842699900
Lifting machines and mechanisms other
10

From 842720
Loaders self-propelled other, with the carrying capacity 20 t and more
5

8428
Machines and mechanisms for lifting, relocation, loading and unloading (for instance, lifts, escalators, conveyors, funicular railways)
5

Except for:

842810
Lifts and lifts ñêèïîâûå
20

842831000
Cargo lifts, hoists and conveyors for other goods or materials, specially intended for underground work
free of duty

842840000
Escalators and driven pedestrian sidewalks
20

842860000
Funicular passenger and cargo railways...
20

8429
Bulldozers self-propelled with non-rotary and rotary dump, automobile graders and planes, scrapers, mechanic spades, dredges, one-scoop loaders, ramming machines, road-rollers
20

Except for:

From 842911000
Caterpillar bulldozers with the capacity of 400 horse powers and more
15

From 842919000
Wheel bulldozers with capacity 400 horse powers more
5

From 842920000
Automobile graders with the capacity of 350 h p more
5

842951
Loaders one-scoop frontal
10

Except for:

842951100
Loaders special for underground work
free of duty

842952000
Machines with full rotation
5

8430
Machines and mechanisms other, for moving, shaping, digging, development, ramming, compression, removal and drilling of soil, and also ores and non-ore materials; equipment for fixing and removing of stilts, snow removers plough-like and rotating
20

Except for:

843031000,
Digging machine for extraction
free of duty

843039000
of coal and rocks; machines for tunnel drilling

843041000, 843049000
Drilling and exploration machines other
free of duty

8431
Parts intended exclusively or principally for equipment included into commodity positions from 8425 to 8430
free of duty

8432-8438
Agricultural machines, for gardens, forestry, for preparation and processing of soil; rollers for lawns and sports grounds; machines and mechanisms for cleaning or thrashing of agricultural cultures, press collection, press for straw or hay; hay cutters and lawn mowers; machines for clearing and sorting of eggs, fruits and other agricultural produce; installations and apparatus for milking, equipment for processing and re-processing of milk in agriculture and industry; presses, crushers and similar machines for wine making; machines for cleaning, sorting or sifting of seeds, grain and beans' cultures; equipment for flour-mill industry...; equipment or for agriculture, forestry, beekeeping, gardening, poultry breeding...; equipment or for industrial preparation of food products or drinks
free of duty

8439-8441
Equipment for production of paper pulp, cellulose fibrous materials or for manufacture and furnishing of cardboard; equipment for binding, including for binding or for production from paper weight, papers and cardboard, including machine for are sharp papers and cardboard of all types
free of duty

8442
Machines, equipment and accessories (except for machine tools of commodity positions 8456-8465) for type-casting or setting of types, for preparation or manufacturing of printed blocks, plates, cylinders and other typographic elements; typographic types, blocks, plates, cylinders and or typographic elements; blocks, plates, cylinders and lithographic stone, prepared for printing purposes (for example, cut, ground or polished)
5

8443
Equipment for printing; accessory machines and mechanisms
5

8448
Accessory equipment for machines, indicated in commodity positions 8444, 8445, 8446 or 8447 (for example, remise-elevating carriages, jacquard mechanisms, mechanisms for changing of shuttles); parts

and accessories, intended only or basically for machines indicated in commodity positions 8444-8447 (for example, spindles and forks, needle sets, combs, ôèëüåðû, shuttles, ðåìèçêè and remise frameworks, knitting needles)
5

844900000
Equipment for production or furnish of cloth, felt and fine-felt or non-textile materials in a piece or under forms, including equipment for production of felt hats, models for manufacture of hats
5

8451
Equipment (except for machines of commodity position 8450) for washing, cleaning, spinning, drying, ironing, pressing (including presses for smelting of materials), bleaching, dying, neating, furnishing, putting of coating and impregnation of yarn, textile materials, of finished textile items; machines for putting of paste on a textile or other base, used in production of floor coverings, such as linoleum; machines for unrolling, bending, cutting and punching of textile materials
5

845210
Sewing machines for household
25

845230000
Needles for sewing machines
5

845290000
Other parts of sewing machines
5

8453
equipment for preparation, tanning and currying of pelts and leather, for manufacturing or repair of leather footwear and or items from skins and, leather, except for sewing machines
5

8454
Converters, foundry buckets, èçëîæíèöû and machine foundry, used in metallurgy and foundry production
20

Except for:

845430100
Machines for casting under pressure
10

Of 845430900
Machines for continuous casting of models
10

845490000
Parts
5

8455
Rolling machines and rollers for them
20

Except for:

845510000
Pipe-rolling machines
10

845521000
Machines for hot rolling and combined machines for hot and cold rolling
10

845522000
Cold drawing machines
10

845530
Rollers for rolling machines
10

845590000
Other parts
5

8456
Laser machine tools, electronic beams, ion-beam and other beam, machine tools ultrasonic, electric-erosion, using electrochemical and plasma methods of processing
20

8457
Processing centres, integrated machine tools one-item and multi-item, for processing of metal
20

8458
Metal cutting machine tools turning
20

8459

Metal cutting machine tools (including modular machine tools, including built in automatic lines), drilling, chiselling, milling, for cutting outer and inner thread, except for turning machine tools, indicated in commodity position 8458
20

Except for:

Of 845970000
Machine tools for cutting thread on couplings and pipes, used for drilling of petroleum and gas wells
10

8460
Machine tools fleecing-grinding, sharpening, grinding, honing, adjustment, polishing and for performance of other operations of finish processing of metals, hard alloys and metal-ceramics materials by means of grinding circles, emery stones and polishing agents, except for tooth-polishing machines and tooth machines indicated in commodity position 8461
20

Except for:

846021900
Other grinding machine tools, with accuracy of positioning on any axis of not less 0.01 mm with numerical control or
10

846040000
Honing machine tools for fine adjustment
10

846090
Other machine tools
15

8461
Longways cutting machine tools, transfers-cutting, digging, pulling, tooth-cutting, tooth-polishing, cutting and other machines for processing of metal, hard alloys and metal-ceramics, which are not included in other positions
20

8462
Machines (including presses) for processing of metals by volumetric stamping, by forging or stamping; machines (including presses) for bending, edge-bending, rectifying, cutting, punching or digging; other presses, not mentioned in any other place
20

Except for:

Of 846241900
Press equipment for punching of apertures in printed-circuit-boards
5

846291100
Hydraulic presses for forming metal powder by way of caking or presses hydraulic for pressing of metal scrape into briquettes
5

846291910
Presses hydraulic for production or rivets, bolts, screws
5

846299100
Presses (except for hydraulic) for forming metal powder by a way caking or presses for pressing metal scrape into briquettes
5

846299910
Presses (except for hydraulic) for production of rivets, bolts, screws
15

8463
Machine tools and machines other for processing of metals, metal-ceramic materials and êåðìåòîâ by methods of plastics deformation
5

846595000
Machine tools drilling and digging
5

846596000
Machine tools chopping, crushing and husking
5

8466
Parts and accessories, intended exclusively or basically for equipment, indicated in commodity positions 8456 on 8465, including devices for fastening of tool and details, self-opening thread-cutting heads and other special devices for machine tools; tool-holders for tools of all types, intended for hand-operated work

5

8467
Tools hand-operated with pneumatic or built-in non-electric drive
15

8468
Equipment and devices for soldering soft and firm solder or for welding (suitable or not suitable for cutting), not relating to commodity positions 8515; machines and apparatus for surface thermal treatment, working on gas
5

8470
Calculators; accounting machines, apparatus for postage stamping of items of mail, ticket machines and or similar machines with accounting devices; cash-processing machines
20

Except for:

847010000
Calculators electronic
30

847050000
Cash processing machines
30

847210000
Photo-copying machines
15

8473
Parts and accessories (except for lids, cases, covers etc.), intended exclusively or for machines of commodity positions 8469-8472
5

847431000
Concrete mixers and mortar mixers
20

847439000
Machines and mechanisms for mixing and stirring other
20

Except for:

Of 847439000
Equipment for the medical industry
free of duty

From 847480000
Machines other for a medical industry
free of duty

8475
Machines for assembly of electric or electronic lamps, cathode-ray tubes or discharge lamps in glass bulbs; machines for manufacturing or thermal processing of glass or glass items
5

Except for:

Of 847520000
Machines for manufacturing or hot processing of glass or items from glass for medical industry
free of duty

8476
Vending machines (for example, for sale of postage stamps, cigarettes, articles of food or drinks), including automatic devices for exchange of money
20

8477
Equipment for processing of rubber or plastics or for manufacture of products from those materials, not mentioned specifically in any other place of this group
free of duty

8478
Equipment for curing and preparation of tobacco, not mentioned specifically in any other place of this group
free of duty

Except for:

8479
Machines and mechanical devices of special purpose, not mentioned specifically in any other place of this group
5

847920
Equipment for extraction other preparation of oils other fats vegetable and animal n origin
Free of Duty

Of 847982000
Machines and mechanical devices for medical industry
free of duty

8480
Îîîêè and èçëîæíèöû; foundry ïîäáîíû; foundry models; forms (except for èçëîæíèö) for casting of metals, metal carbides, glass, mineral materials, rubber and plastics
5

8481
Spigots, valves, gates and etc., fixture for pipelines, boilers, tanks, reservoirs, cisterns and similar vessels, including reduction and temperature regulating valves
15

8483
Transmission shafts (including camshafts and crankshafts; and cranks; casings of bearings, sliding bearings, gear transmissions, gear wheels with shafts, ball and õîäîâûå screws; gear boxes of transfers and other reduction mechanisms, including hydrotransformers; flying wheels and pulleys, including police-fasts, clutches, hinge connections (including universal)
5

8484
Washers and óïëîòíåíèÿ from sheet metal in a combination with other material or consisting of two and more layers of metal; sets and complete sets of washers and óïëîòíåíèé in packed
5

8485
Parts, used in various machines, not having any details of electrotechnical equipment, insulators, contacts, coils, wires and other similar details, not mentioned in any other place
5

85
Electric machines and equipment, their parts; sound-recording and sound-retrieving equipment; equipment for recording and, play-back of television images and sound; their parts and accessories
10

Except for:

8501
Engines and generators electric, except for integrated electrogenerating installations
5

Except for:

850110
Engines with electrical power not more than 37.5 Watt
15

850120900
Universal engines other for alternating and direct current with power more than 37.5 Watt
10

Of 850132990
Electric motors for direct current with power of 50-75 kW
15

Of 850133990
Electric motors for direct current with power of more than 75 kW, but not more than 100 kW
15

Of 850140900
Other electric motors asynchronous for alternating current one-phase with height of axis of rotation of 250 mm
15

Of 850152990
Other electric motors asynchronous for alternating current multiphase with height of axis of rotation of 250 mm
15

8502
Electrogenerating installations and rotating electrical converters
5

850300
Parts intended exclusively or basically for machines, indicated in commodity positions 8501 other 8502
5

8504
Transformers electrical, static electrical converters (for example, rectifiers), coil of inductance and throttles
20

Except for:

850410
Throttle for spark lamps or tubes
25

850423000

Transformers with liquid dielectric with power more than 10000 kW
10

850431
Transformers other with power not more than 1 kW
30

Except for:

Of 850431900
Power transformers and split-transformers for TV sets
5

8505
Electromagnets; constant magnets and items, intended for conversion into constant magnets after magnetisation; electromagnetic and with constant magnets cartridges, clams, vices and similar devices for fixing of processable items; electromagnetic couplings (controllable and non-controllable) and electromagnetic brakes; electromagnetic hoisting devices
20

Except for:

850511000 Magnets constant and items, intended for conversion into constant magnets after magnetisation, of metal
30

850590900
Parts
5

8506
Primary [battery] elements and primary batteries
5

8507
Accumulators electric, including separators for them, rectangular (including square-shaped) or of any other shape
free of duty

Except for:

850710
Lead accumulators used for starting of combustion engines
5

8508
Tool hand-operated electromechanic with built-in electric motors
20

Except for

850890000
Parts
5

8509
Machines electromechanical for household with built-in electric motors
20

8510
Electric razors and machines for hair-cut with built-in electric motors
20

8511
Electric equipment for ignition or start-up of engines of internal combustion with ignition from a spark or from compression of combustible mixture (for example, magneto, ignition coils, ignition spark plugs, ñîå÷è íàêàëèâàíèÿ, starters); generators (constant and alternating current) and fuses used in those engines
15

Except for:

Of 8511
Electric equipment for engines of buses intended for carriage of not less than 20 persons, including the driver
5

8513
Lights portable electrical operating on their own source of energy (batteries of dry elements, accumulators, magneto), except for lighting equipment, referred to commodity position 8512
20

8514
Ovens and chambers industrial or for laboratories electrical including induction and resistance furnaces; other industrial and labware for thermal processing, induction or dielectric
5

Of
851519000

Automatic and semi-automatic machines for the soldering of printed-circuit-boards
5

8516
Water heaters electrical non-inertia and cumulative, electric heaters submerged; electric equipment for heating of floors, heating of premises; electrothermal apparatus for curling and drying of hair (for example, dryer for hair, curling pins, tongs) and electric dryers for hands; electric irons; other household electric heating devices; heating resister elements, Except for those indicated in commodity position 8545
20

Except for:

851690000
Parts
5

8517
Electric telephone set and telegraph set for cable communication including apparata for systems of cable communication on bearing frequency
5

Except for:

851710000
Telephone sets
25

8518
Microphones and stands for them; loudspeakers, mounted or not mounted in cases; head telephones, headphones including those combined with a microphone/loudspeaker; electrical amplifiers of low frequency; electrical devices for amplifying of sound
20

8519
Electric playing devices, turn-tables for gramophone discs, cassette decks and other sound retrieving equipment, not having any recording devices
25

8520
Tape recorders and other sound-recording equipment including and not including play-back devices
30

8521
Sound recording and video recording equipment combined or not combined with video tuner
30

Except for:

852110100

Video recording or video retrieving equipment based on magnetic tape combined or not combined with video tuner for civil aircraft
20

852110310
Video recording or video retrieving equipment combined or not combined with video tuner based on magnetic tape not more than 1.3 cm wide, capable to carry out recording or play-back at a speed of movement of a tape not more than 50 mm/sec, with the television transmitting camera in the same case
20, but not less than 100 ecu/piece

852110390
Video recording or video retrieving equipment, combined or not combined with video tuner based on magnetic tape, with width of tape not more than 1. 3 cm, capable to carry out recording or play-back at a speed of movement of tape not more than 50 mm/sec without television transmitting camera in the same casing
20, but not less 30ecu/apiece

8522
Parts and accessories for equipment, classified in commodity positions from 8519 to 8521
5

8523
Finished carriers blank, for recording of sound or similar recording of other phenomena, except for items of group 37
15

Except for:

852320
Magnetic disks blank
Free of duty

8524

Disks, tapes and other carriers for recording of sound other similar records, recorded including matrices and forms for manufacturing of disks, except for items of group 37
20

8525
Equipment transmitting for radio-telephone, radiotelegraph communication, broadcasting or TV, combined or not combined with receiving, sound-recording and sound retrieving equipment; television cameras
5

Except for:

From 852510900
Equipment transmitting for broadcasting or TV
free of duty

From 852520900
Equipment transmitting for broadcasting or TV, including receiving device
free of duty

852530
Television cameras
Free of duty

8526
The equipment radar-tracking, radio navigating and radio equipment of remote control
20

Except for:

852610900
Other radar-tracking equipment
free of duty

852691
The equipment radio navigating
Free of duty

8527
The receiving equipment
25

8528
Television receivers (including video monitors and video projectors), combined or non-combined with the radio receiver or equipment which records or plays back sound or image
30

Except for:

852810500
Receivers of the television colour image, combined with video recording or video retrieving equipment
30, but not less than 80 ecu/apiece

852810610, 852810690
Video monitors
10

852810710
Television receivers of colour image with cathode-ray tube, having the size of the screen on a diagonal not more than 42 cm 20, but not less than 30 ecu/apiece

852810730
Receivers of the television colour image with cathode-ray tube having the size of the screen on a diagonal more than 42 cm, but not more 52cm
30, but not less than 50 ecu/piece

852810750
Receivers of the television colour image with cathode-ray tube, having the size of the screen on a diagonal more than 52 cm, but not more 72cm
30 but not less than 80 ecu/apiece

852810780
Receivers of the television colour image with cathode-ray tube having the size of the screen on a diagonal more than 72 cm
30, but not less than 125 ecu/apiece

852820200
Video monitors of the black-and-white or other monochrome image
10

8529
Parts, intended exclusively or basically for the equipment, classified in commodity positions from 8525 to 8528
5

Of 852990990
Selectors all-waves with dimensions not more 95õ75õ20 mm, with a range of frequencies 49-850 MHz with a built-in demodulator; selectors of channels for satellite reception of television signals
free of duty

8530

Electric alarm equipment (except for devices for communication of messages), security equipment, for control or regulation of traffic railways or similar transport routes, highways or water ways, parking lots, ports or airports (Except for the equipment of commodity position 8608)
5

8531
Electric sound-alarm equipment and light-alarm (for example, bells, siren, display panels, signals system about theft and fires), except for equipment indicated in commodity position 8512 or 8530
20

Except for:

853110900
Alarm systems electrical for ensuring fire prevention, safety or protection from burglary, other
5

8532
Condensers electrical constant, variable and adjustable
25

8533
Resistors electrical (including reostates and potentiometers) except for heating devices
25

8534
Circuits printed
30

8535
Equipment electrical for switching-off, interruption, protection and cutting off of current or for connecting up into electrical circuits (switches, positioner switches, breakers, fuses, lightning conductors, power stabilisers, surge protectors, connection boxes, pantographs and current-receptacles and other) for a voltage more than 1000 V
20

8536
Equipment electrical for switching on, interruption, protection and switching off of current or for connections into electrical circuits (switches, positioner switches, breakers, relays, surge protectors, plugs and outlets, electric lamp sockets, connection boxes and other) for a voltage not more than 1000 V
20

8537
Boards, panels (including panels for numerical control), consoles, tables, switchboards and other footing for electrical equipment which is equipped with two or more by items, indicated in commodity position 8535 and 8536, for a management or distribution of electric current, including instruments or devices indicated in group 90, except for switches (commodity position 8517)
5

8538
Parts intended exclusively or basically for the equipment, indicated in commodity positions 8535, 8536 or 8537
5

8539
Incandescent lamps electrical and discharge, including hermetic lamps of directed light, but also ultra violet or infrared lamps; ark lamps
5

Except for:

853922
Incandescent lamps with electrical power not more than 200 W and for voltage more than 100 V
15

854011100, 854011300
Cathode-ray tubes for television receivers, including tubes for video monitors, colour image with the size of the screen on a diagonal not more than 52 cm
20

854011500, 854011800
Cathode-ray tubes for television receivers, including tubes for video monitors, colour image with the size of the screen on a diagonal more than 52 cm
5

854012
Cathode-ray tubes for television receivers, including tubes for video monitors, black-and-white or other monochrome image
30

8541

Diodes, transistors and similar semi-conductor instruments; photosensitive semi-conductor devices, including photogalvanics batteries, assembled or not assembled in modules, built or not built in the panel; light-emitting diodes; piesoelectric crystals in assemblies

Of
854211720
Electrically erasable reprogrammable read-only STORAGE: with time of sample less than 200 NS, "flash" - with memory with capacity more than 256 Kbit; with capacity of memory more than 8 Kilobytes (êîíñòðóêòèâ SMD)
5

Of 854211830
Microprocessors with word length of the processor more than 8 bits, but not more than 16 bit, with clock frequency not less than 16 MHz, IBM -compatible, alarm processors with clock frequency more than 16 MHz
5

Of 854211850
Microprocessors with word length of the processor more than 16 bit, but not more than 32 bits (constructive SMD)
5

854211870
Microcomputers and microprocessors with word length of the processor more than 32 bits
5

From 854211910
Logical circuits, managers, interface, ensuring work on the standards RS-232, ARINC-429, MIL - 1553, RS-422; micro controllers for use in TV sets
5

From 854211990
Chips integrated monolithic digital: programmed logic with capacity more than 2000 gates; specialised processors for video, sound and synchronisation for use in TV sets or forming a signal for indication on the screen of the TV set; decoders for television equipment
5

854219
Chips integrated monolithic other
20

Except for:

Of 854219900
Alarm video processors, sound, synchronisation and management; decoders with integrated source filters; integrated lines

of delay, except for TDA4661; decoder of teletext on one crystal
free of duty

854220
Circuits integrated hybrid
20

Except for:

Of 854220100
Microcomputers and microprocessors for controlling of work of TV set with a facility of controlling frequency; teletext with volume more than 4 lines; with the processor "frame in frame"
5

Of 854220900
Microcircuits integrated: photo receivers on one crystal and transmitters ÈÊ in code IR-60 on frequencies 30, 33, 36 kHz; the large-scale integrated CIRCUIT of synchronisation with quartz stabilisation without adjustment
5

8543
Machines electrical and special-purpose equipment, in other place not named
5

8544
Wires insulated (including enamelled or anoded), cable (including coaxial) and other insulated electrical conductors with connecting details or without them; the cables optical fibre made from fibres with individual shells, irrespective whether they are associated with electricity conductor or connecting elements
25

Except for:

854411100
Winding wires of copper covered with varnish or enamelled
15

854420
Cables coaxial and conduits electrical coaxial other
free of duty

854470000
Fibre optics cables
15

8545
Electrodes of coal, coal brushes, coals for lamps or batteries and other items from graphite or other kinds of carbon with metal or without metal, used in electrical engineering
20

Except for:

854511000
Electrodes used in furnaces
5

854800000
Parts and accessories of electric equipment and electric machinery, in other place not named
5

86
Locomotives for railways and rolling-stock, trams, their parts and accessories; route devices for railway and for tramway networks, their assemblies and components; control equipment both mechanical and electromechanical
10

Except for:

8603
Carriages of motor, electric, diesel trains and trams, automototrices, except for those included into commodity position 8604
5

8607
Assemblies and parts to locomotives, other railway stock and trams
5

860800
Travelling railway and tramway devices (rotary circles etc.); mechanical (including electromechanical) equipment of the control system, equipment for ensuring the monitoring and safety of traffic on railways, tramways and the facilities adjoining to them; parts to them
5

860900
Containers (including containers for carriage of liquids), specifically intended and equipped for carriage by one or more types of transport
5

Except for:

Of 860900900
Containers 20-tonnes
30

87
Surface transport vehicles, except for railway rolling stock and trams; their parts and equipment

8701
Tractors (except those classified in commodity position 8709)
15

Except for:

870190110
Tractors for agricultural work (except for tractors controlled by the driver walking alongside) and wheel tractors for forestry, new with capacity of the engine not more than 18 kW
5

870190150 - 870190390
Tractors for agricultural work (except for tractors controlled by the driver walking alongside) and wheel tractors for forestry new with capacity of engine more than 18 kW
10

870190500
Tractors for agricultural work (except for tractors controlled by the driver walking alongside) and wheel tractors for forestry, second-hand
5

870190900
Tractors other

870322900
Transport vehicles with combustion engine with spark ignition with crankshaft mechanism with the working volume of the engine more than 1000 Cu Cm,
but not more than 1500 cu cm second-hand
30, but not less than 0.5 ecu/cu cm of volume of the engine

870323110
Transport vehicles with combustion engine with spark ignition with crankshaft mechanism with the working volume of the engine more than 1500 Cu Cm,

but not more than 3000 Cu Cm, equipped for residing, new
30, but not less than 1.9 ecu/cu cm of volume of the engine

Of 870323190
Transport vehicles with combustion engine with spark ignition with crankshaft mechanism with the working volume of the engine more than 1500 Cu Cm,
but not more than 1800 Cu Cm, new
30, but not less than 1.35 ecu/cu .cm of volume of the engine

Of 870323190
Transport vehicles with combustion engine with spark ignition with crankshaft mechanism with the working volume of the engine more than 1800 Cu Cm,
but not more than 3000 Cu Cm, new
30, but not less than 1.9 ecu/cu cm of volume of the engine from

Of 870323900
Transport vehicles with combustion engine with spark ignition with crankshaft mechanism with the working volume of the engine more than 1500 Cu Cm,
but not more than 1800 Cu Cm, second-hand 2
40, but not less than 0.6 ecu/cu cm of volume of the engine

Of 870323900
Transport vehicles with combustion engine with spark ignition with crankshaft mechanism with the working volume of the engine more than 1800 Cu Cm,
but not more than 3000 Cu Cm, second-hand
40, but not less than 0.75 ecu/cu cm of volume of the engine

870324100
Transport vehicles with combustion engine with spark ignition with crankshaft mechanism with the working volume of the engine more than 3000 Cu Cm, new
40, but not less than 3.1 ecu/cu cm of volume of the engine

870324900
Transport vehicles with combustion engine with spark ignition with crankshaft mechanism with the working volume of the engine more than 3000 Cu Cm, second-hand 2
40, but not less than 1.25 ecu/cu cm of volume of the engine

870331100
Other automobiles with combustion engine (diesel and semi-diesel) with the working volume of the engine not more than 1500 Cu Cm, new
30 but not less than 1.3 ecu/cu cm of volume of the engine

870331900
Other automobiles with combustion engine (diesel and semi-diesel) with the working volume of the engine not more than 1500 Cu Cm, second-hand 2
40, but not less than 0.55 ecu/1 of Cu Cm of volume of the engine

870332110
Other automobiles with combustion engine (diesel and semi-diesel) with the working volume of the engine more than 1500 Cu Cm, not more than 2500 Cuba. Cm, equipped for residing, new
30, but not less than 1.9 ecu/cu cm of volume of the engine

870332190
Other automobiles with combustion engine (diesel and semi-diesel) with the working volume of the engine more than 1500 Cu Cm, but not more than 2500 Cu Cm, new
30, but not less than 1.9 ecu/cu cm of volume of the engine

870332900
Other automobiles with combustion engine (diesel and semi-diesel) with the working volume of the engine more than 1500 Cu Cm, but not more than 2500 Cuba. Cm, second-hand 2
40, but not less than 0.75 ecu/cu cm of volume of the engine

870333110
Other automobiles with combustion engine (diesel and semi-diesel) with the working volume of the engine more than 2500 Cu Cm, equipped for residing, new
40, but not less than 3.1 ecu/cu cm of volume of the engine

870333190
Other automobiles with combustion engine (diesel and semi-diesel) with the working volume of the engine more than 2500 Cu Cm, new
40, but not less than 3.1 ecu/cu . Cm of volume of the engine

870333900
Other automobiles with combustion engine (diesel and semi-diesel) with the working volume of the engine more than 2500 Cu Cm, second-hand 2
40, but not less than 1.25 ecu/cu cm of volume of the engine

870390
Other passenger cars
40

8704
Lorries
25

Except for:

870410
Self-dump trucks intended for use outside of the road network
5

870421
Lorries with the combustion engine diesel or half-diesel with total weight not more than 5 tonnes
10

870423910
Lorries with the total weight more than 20 t new
10

870431
Lorries with the engine of internal combustion with spark ignition, with the total weight not more than 5 t
10

8705
Automobiles of special purpose except for those used for conveyance of passengers or freights (automobiles of technical aid, automobile cranes, fire brigade automobiles, automobile concrete mixers, automobiles for cleaning of roads, vehicles with spraying devices, auto workshops, vehicles with x-ray installations)
20

Except for:

870530000
Fire brigade vehicles
free of duty

870590900
Special purpose vehicles, other
free of duty

870600
Chassis with engines for automobiles referred to commodity positions from 8701 to 8705
15

Except for:

Of 870600110
Chassis with engines for buses intended for carriage not less than 20 people including the driver, referred to commodity position 8702
5

8707
Hulls (including cabins) for automobiles referred in commodity positions from 8701 on 8705
15

8708
Parts and equipment of automobiles referred to commodity positions from 8701 to 8705
5

8709
Cargo transport vehicles self-propelled, not equipped with elevating and loading mechanisms, which are used at factories, warehouses, ports and airports for carriage of freights for short distances; tractors, used on railway platforms; their parts
20

Except for:

870919900
Other cargo transport vehicles
10

871000000
Tanks and other self-propelled armoured vehicles with arms or without arms, part and accessories to them
100

8711
Motorcycles (including motorbyciles) and bicycles with established accessory engine with carriages or without them; carriages
25

871200
Bicycles two-wheel and other kinds of bicycles (including three-wheel trolleys) without engine

20

8713
Carriages for disabled equipped with engine or other mechanisms for movement
free of duty

8714
Parts and equipment for transport vehicles referred in commodity positions 8711 on 8713
10

Except for:

871420000
Parts and accessories to carriages for disabled
free of duty

871500
Carriages for children and their parts
free of duty

8716
Trailers and semi-trailers, other non-self-propelled transport vehicles; their parts
20

Except for:

871620
Trailers and semi-trailers self-loading or self-unloading for agriculture
5

871690
Parts of trailers and semi-trailers
5

88
Aircraft, spacecraft, their parts
30

Except for:

8803
Parts for aircraft indicated in commodity positions 8801 or 8802
free of duty

89
Ships, boat and other floating vessels
30

Except for:

8901
Cruising ships, for excursions, ferries, cargo ships, barges and other floating vessels for carriage of the passengers or freights
5

890200
Ships fishing; floating bases and other floating vessels for processing and tinning of fish products
5

890400
Tugboats and pusher-ships
5

Except for:

890400990
Pusher-ships, other
30

8905
Floating beacons, control ships, dredgers, floating cranes and other specialised floating vessels; docks floating; floating and submerged platforms (for drilling and operation of wells)
15

Except for:

890510
Dredges
5

890520000
Platforms floating and submerged (for drilling or operation of petroleum and gas wells)
30

890600910, 890710000
Other of ships marine, rafts inflatable
free of duty

90
Instruments and devices optical, photographic, cinematographic, measuring, monitoring, precision, medical and surgical; their parts and accessories
15

Except for:

9001
Fibres optical and fibre-opticts bands; optical fibre cables (except for those indicated in commodity position 8544); sheets and plates from polarised materials; lenses (including

contact), prisms, mirrors and other optical components from any material, not installed, different from glass blanks for optical elements
20

Except for:

From 900110900
Fibres optical
5

900130000
Lenses contact
Free of duty

900140310
Lenses for glasses correcting sight, processed on both sides, unifocal
Free of duty

900140390
Lenses for glasses correcting sight, from glass, processed on both sides, other
free of duty

900150310
Lenses for glasses correcting sight from other materials processed on both sides, unifocal
free of duty

900150390
Lenses for glasses correcting sight from other materials processed on both sides, other
5

9003
Frames for glasses, protective glasses and those similar to them optical instruments; their fixture and parts
10

Except for:

900319100
Frames from precious metals
40

9004
Glasses, protective glasses and those similar to them optical devices correcting and protective
free of duty

9005
Field binoculars, monoculars, other optical tubes pipes and supports for them; astronomic instruments and supports for them (except for radio-astronomic instruments)
20

9006
Photo cameras (except for movie-cameras); photoflashes and lamps - flashes, except for gas discharge lamps, indicated in commodity position 8539
20

Except for:

900620000
Photo cameras used to transfer contents of documents unto microfilm, micro plates and other microscopic carriers
5

900630000
Photo cameras intended for underwater photography and air photography, for medical examination of internal organs; photo cameras for parallel photography of objects used in judicial medicine and criminalistics
free of duty

900691
Parts and accessories to photo chambers
5

9007
Movie-devices and movie-projectors containing or not containing sound-recording and sound-retrieving devices
20

Except for:

900791- 900792000
parts and accessories
5

9008
Projectors of pictures except for cinematographic ones; photo enlargers and equipment for projecting pictures with reduction (except for cinematographic)
20

Except for:

900890000
Parts and accessories
5

9009

Photocopying machines with optical system or of the contact type and thermal copying machines
5

9010
Equipment for photo and cinema laboratories (including equipment for projecting circuits on photosensitive semi-conductor materials), not mentioned nor included elsewhere in this group; negatoscopes; projection screens
5

9011
Optical microscopes complex (including microscopes for photomicrography, microcinemaphotograph and microprojecting)
free of duty

9012
Microscopes, except for optical ones; diffraction apparatuses
free of duty

9013
Devices on liquid crystals except for items more specifically described in other commodity positions; lasers, except for laser diodes; devices and instruments optical, other, in other place not named
5

9014
Compasses for identifying directions and other navigating devices and instruments
5

9015
Devices and instruments geodesic (including photogrammetric), hydrographic, oceanographic, hydrologic and geophysical (Except for compasses)
5

901600
Scales with sensitivity of 0,05g and higher, with weights or without them
20

9018
Devices and mechanisms used in medicine, surgery, stomatology and veterinary (including scintigraphic equipment), electromedical equipment other, devices for research of sight
free of duty

9019
Equipment for mechanotherapies; massage apparata; equipment for psychological tests for professional suitability; equipment for ozone, oxygen and spray therapy, artificial breathing and other therapeutical equipment for treatment of breathing disorders
free of duty

902000
Inhalation equipment other, gas masks, except for protective masks, without mechanical components and replaceable filters
free of duty

9021
Devices orthopaedic including crutches, surgical belts and bondages; plasters and other devices for treatment of fractures; artificial limbs; hearing apparatus and other devices which are worn, carried with or implanted into the body for compensation of underdevelopment of a limb or in the case of its loss
free of duty

9022
Equipment based on utilisation of x-ray, alpha-, beta-, and gamma-rays intended or not intended for medical, surgical, stomatological and veterinary use (including equipment for roentgenographic radiotherapeutical examination, x-ray tubes and other generators of a high voltage, boards and panels of control, screens, tables, armchair and other items for examination and treatment
free of duty

902300
Devices, equipment and models used for demonstration purposes (for example, in training or exhibiting) and not suitable for any other use
5

9024
Machines and devices for tests of hardness, durability, stretching and compression, elasticity and other mechanical properties of materials (for example, metals, wood, textiles, paper, plastic)
5

9025
Areameters and similar devices acting at immersing in liquids, thermometers, pyrometers, barometers, hygrometers and

psychrometers with a recording device or without recording device any combinations of these devices the one another
5

9026
Instruments and equipment for measurement and control of utilisation, level, pressure and other variable characteristics of liquids or gases (for example, meters, indicators of level, manometers, heatmeters), except for tools and equipment indicated in commodity positions 9014, 9015, 9028, 9032
10

9027
Devices and equipment for physical and chemical analysis (for example, polarimeters, spectrometers, gas and smoke analysers); instruments and equipment for measurement and control of viscosity, porosity, expansion, surface tension etc.; instruments and devices and apparatus for measurement and monitoring of quantity of heat, sound or light (including exponometers, microtomes)
10

9028
Counters of supply or production of gas, liquid and electric energy (including calibrating)
5

Except for:

902830110
Counters of electric energy for alternating current single-phase
30, but not less 6 ecu/ 1 piece

902890
Parts and accessories
5

Except for:

902890100
Parts and accessories to counters of electric energy
30

9030
Oscilloscopes, spectrometers, other devices and equipment for measurement and control of electrical values, except for measuring instruments indicated in commodity position 9028; devices and equipment for detection and measurement of alpha-, beta,-, gamma, x-ray, cosmic and other ionising radiation
free of duty

Except for:

903020
Oscilloscopes and oscillographs cathode-ray
15

903031
Measuring instruments universal without recording devices
10

903039
Devices and equipment for measurement and control of voltage, current, resistance and power, without recording device, other
20

Of 903039300
Devices specialised electronic for adjustment of TV sets
5

903090
Parts and accessories
5

9032
Devices and equipment for automatic adjustment and control
5

903300000
Parts and accessories to machines, devices, tools and equipment indicated and group 90, in other place not named
5

91
Clocks and their parts
20

Except for:

9101
Arm watches, pocket and other intended for wearing or carrying with one-self (including chrono), with the case made of precious metals or of metals plated with precious metals
30, but not less than 6 ecu/apiece

9102
Arm watches, pocket and other...
20, but not less than 3 ecu/apiece

9103

Clocks not intended for wearing or carrying with oneself, other
20, but not less than 3 ecu/1piece

9105
Clocks not intended for wearing or carrying with oneself, other
20, but not less 2 ecu/apiece

9111
Cases for watches intended for wearing or carrying with oneself; their parts
10

Except for:

911110000
Cases for watches intended for wearing or carrying with oneself from precious metals plated with precious metal
25

9112
Cases for clocks not intended for wearing or carrying with oneself and similar cases for other items referred to in this present group; their parts
15

911310100
Bracelets for watches intended for wearing or carrying with oneself, from precious metals
30

92
Musical instruments; their parts and accessories
5

Except for:

920110
Pianos
15

9207
Electromusical instruments with electrical generator of sound frequency or with electrical amplification of the sound (for example, organs, guitar, accordions)
15

93
Weapons and munitions; their parts and accessories
100

94
Furniture; bed accessories, matrices, matrix bases, couch pillows and similar stuffed accessories of furniture; lighting devices and their parts, in other place not named; the light indicators, tabloids and similar items; modular building constructions
30

Except for:

940130-940180000
Furniture for sitting
20, but not less than 2 ecu/kg

9402
Furniture medical, surgical, stomatological or veterinary (for example, operating tables, tables for examination, hospital beds with mechanical devices, stomatological armchairs); hairdresser's and similar chairs with devices for rotation, turning, lifting and inclination; parts to them
free of duty

940320-940380000
Metal furniture, wooden, plastic and from other materials including cane, vine, bamboo and similar materials
20, but not less than 2 ecu/kg

95
Toys; games and sports gear; their parts and accessories
15

Except for:

9504
Items for entertainment games, desktop and in-doors games including tables for billiards special tables for casino, automatic equipment for bowling
30

Except for:

950440000
Playing cards
80

950490
Items for entertainment games, other
5

Of 950490900
Special-purpose tables and items for casino
80

9507
Angling rods, hooks and other items for fishing with the use of line; networks for fishing, network for mosquito larvae and similar networks; baits in form of stuffed birds (except for those indicated in commodity positions 9208 and 9705) and other accessories for hunting and shooting
10

950800000
Round-abouts, swings, shooting galleries and other attractions; mobile circuses, mobile zoos and mobile theatres
10

96
Various finished items
20

Except for:

960810300
Ball-point pens with the case or cap made of precious metals
40

960839100
Ink pens, styllographs and other pens (except for drawing china ink pens) with the case or cap made of precious metals
40

9612
Carbon ribbons for typewriters and similar tapes impregnated with ink or processed by other methods, intended for obtaining of print-outs, in reels, cartridges or without them; stamp pillows impregnated by ink, in boxes or without boxes
5

97
Works of art, collection and antiques
Free of duty

* When applying the rates of import customs duties, goods shall be identified exclusively by the Code of the goods in accordance with the CN for FEA; brief descriptions of goods are shown only for the convenience of usage.

This note shall not apply to the cases where in the line Code of Goods According to CN for FEA there is the indication that the relevant rate applies not to all the goods referred to that code. In that respect one should be guided by brief description of goods.

1 An automobile, which is specifically intended for medical purposes, must be equipped with stretchers for transportation the sick, with medical equipment, devices for its fastening, it must have special identification marks and appropriate sound and light signalling system, and also to have facilities for transporting the sick on the medical stretchers installed in it. 2 An automobiles shall be recognised as second-hand, if three and more years elapsed from the date of its manufacture, irrespective of the length of its run.

Of 820770100	specific components of diesels with power higher than 300 kW	5
Of 840999000	Parts for manufacture of diesels with power higher than 300 kW	5
Of 841330900	Fuel pumps for diesels with power higher than 300 kW	5

Of 841480210
Turbocompressors for input of compressed air into cylinders of diesels with the power higher more than 300 kW
5

Of 845430900
Special-purpose equipment for manufacture of cast parts of diesels with the power more than 300 kW
10

Of 845490000
Parts of the special foundry equipment for production of parts of diesels with power more than 300 kW
5

Of 845710000
Processing centres for manufacturing of blocks, covers of cylinders, crankshafts, rods and other specific parts of diesels with power more than 300 kW
20

Of 845730000
Integrated machine tools modular multi-item for processing of parts of fuel equipment of diesels with the power more than 300 kW
20

Of 845811100
Machine tools turning with the numerical control for processing of non-round parts of diesels with power more than 300 kW (piston rings, cams etc.)
20

Of 845819910
Turning automatic devices of high precision for processing parts of fuel equipment of diesels with power more than 300 kW
20

Of 845921990
Machine tools of deep drilling for processing of parts of diesels with power more than 300 kW (channels for lubricants and fuel, jets etc.) with the numerical control
20

Of 845940900
Machine tools for chiselling out of high precision for processing enclosures of bearings of diesels with power higher than 300 kW.
20

Of 846011000
Machine tools for plane grinding with numerical control for processing piston rings, locks of rods and other specific parts of diesels or power more than 300 kW
20

Of 846021100
Machine tools for circular grinding with numerical control for processing crankshafts and distributive shafts of diesels with power more than 300 kW
20

Of 846029900
Special-purpose grinding machine tools for processing of parts of fuel equipment of diesels with power more than 300 kW
20

Of 846031000
Machine tools for sharpening with numerical control for sharpening of tools, used in manufacture of diesels with power more than 300 kW
20

Of 846040000
Machine tools for honing and for fine grinding for processing of enclosures of cylinders, fuel pumps and other parts of diesels with power more than 300 kW
10

Of 846130000

Machine tools for drawing, high precision, for processing of enclosures of bearings of diesels with power more than 300 kW
20

Of 846140110
Machine tools for tooth cutting and tooth grinding with numerical control for processing of cylindrical gear wheels of high precision for diesels with power more than 300 kW
20

Of 846140310
Machine tools for tooth planing for processing of conic gear wheels of high precision for diesels with power more than 300 kW
20

Of 846320000
Machine tools for profile and thread application for processing of parts of diesels with power more than 300 kW
5

Of 848180510
Thermostatic valve for regulation of water and oil temperature in diesels with power higher than 300 kW
15

Of 848310510
Steel crankshaft, forged for diesels with power more than 300 kW
5

Of 851140900
Pneumatic starters for diesels with power more than 300 kW
15

Of 854330000
Equipment for applying special-purpose covers by galvanic method on parts of diesels with power more than 300 kW
5

Of 903180310
Instruments, devices and machines for measuring for use in manufacture of diesels with power more than 300 kW
free of duty
