Subject:- Multilateral Trade Negotiations: Requests and
Offers under "Tariffs" etc.

Sir,

I have the honour to enclose herewith, for your information, copy of a letter on the subject noted above which was addressed by Ambassador Mohammed Yunus last month to the heads of delegations of the developed countries participating in the Multilateral Trade Negotiations.

Please accept, Sir, the assurances of my highest consideration.

Counsellor (Economic)

No.2(11)/75-GATT

24 July 1978

Pakistan is one of those poorer developing countries with a low per capita income which have been most seriously affected by the current international economic crisis.

2. As a country with under-developed economic resources, limited range and possibilities for exports and increasing requirements for the import of essential commodities and capital goods, Pakistan has been running a chronic deficit in its balance of trade. There has, however, been a sharp and progressive increase in the trade deficit in recent years as brought out in the following table:

(Figures in Million US \$)

	<u>Exports</u>	<u>Imports</u>		<u>Trade Balance</u>
1972-73	767	891	(-)	124
1973-74	1020	1493	(-)	473
1974-75	978	2114	(-)	1136
1975-76	1162	2139	(-)	977
1976-77	1132	2406	(-)	1274
1977-78	1400	2673	(-)	1393

3. There has similarly been a sharp increase in our balance-of-payments deficit on the current account, as reflected in the table below:

(Figures in Million US \$)

1973-74	(-)	548
1974-75	(-)	1167
1975-76	(-)	946
1976-77	(-)	1297
1977-78	(-)	1221

4. Our trade balance with the major developed countries has been consistently and increasingly in deficit, as reflected in the following figures:

(Figures in million US \$)

	<u>Year</u>	<u>Imports</u>	<u>Exports</u>		<u>Balance</u>
<u>USA</u>	1974-75	293.8	58.7	(-)	255.1
	1975-76	401.7	65.2	(-)	336.5
	1976-77	342.7	58.8	(-)	283.9
<u>EEC</u>	1974-75	471.2	196.5	(-)	274.7
	1975-76	464.5	231.1	(-)	233.4
	1976-77	545.2	260.6	(-)	284.6
<u>Japan</u>	1974-75	265.9	70.6	(-)	195.3
	1975-76	252.4	79.4	(-)	173.0
	1976-77	332.5	92.2	(-)	240.3

5. The external debt of Pakistan increased sharply from \$ 3.6 billion in 1970-71 to over \$ 10.0 billion at the end of 1977-78. The burden of debt service payments has increased correspondingly. The debt service liability increased from 29.6 % of our export receipts in 1970-71 to 52.5 % in 1976-77.

6. One of the major policy objectives of the Government of Pakistan is to mobilize domestic resources to the maximum possible limit so as to limit budgetary deficits and to reduce dependence on external assistance to sustain its development plans. Import duties are an instrument of this policy and are essentially fiscal in nature.

7. In the light of the above, it may be stated that Pakistan is not in a position to make a substantial contribution in the area of tariffs - a situation that was specifically anticipated in the Tokyo Declaration.

8. Nevertheless, being deeply wedded to the objectives of expansion and liberalization of world trade, Pakistan has endeavoured to adopt policy measures, consistent with its development, financial and trade needs, to contribute to the

realization of these objectives.

9. These policy measures include the following:

- (1) A major overhauling of the import regime took place in Pakistan in 1972 through the realignment of the exchange rate of the rupee and the introduction of a simplified and liberal import policy. Despite mounting trade deficits, we have persisted in maintaining this trend of liberalisation. The "Free List" in the import policy for 1972-75 contained 330 items. This number was increased to 356 in 1973-74, 389 in 1974-75, 407 in 1976-77, 430 in 1977-78 and 438 in the import policy for 1978-79. Items on the "Free List" are free of restrictions on quantity or value or source of import. The size of the "Tied List" has been correspondingly reduced and the list comprises only 22 items under the current Import Policy.
- (ii) The value limit for the unrestricted import of machinery and equipment for the purpose of balancing, modernisation and replacement of existing industrial units has been raised from 1.5 million under cash and Rs.2 million under credits and barter under the import policy for 1977-78, to Rs.2.5 million both under cash and barter/credits under the current import policy.
- (iii) The Import Trade Control Schedule has been simplified and brought in alignment with CCGH tariff classification. Import licensing system has been rationalised and simplified. Customs procedures have also been improved and simplified. Pakistan remains committed to the policy of further rationalisation, simplification and improvement of imports and customs procedures.
- (iv) Import duty was reduced on the following items with effect from 1 July 1977:

<u>Item</u>	<u>From</u>	<u>To</u>
Pig iron, cast iron, alloys, waste, scrap, and billets of iron and steel.	42.5-47.5 %	30-40 %

<u>Item</u>	<u>From</u>	<u>To</u>
Copper unwrought and waste and scrap	42.5 %	30 %
Copper wire	92.5 %	60 %
Tyres and tubes for scooters and rickshaws	85 %	60 %

(v) Import duties have been reduced further in respect of the following items under the current budget with effect from 1 July 1978:

<u>Item</u>	<u>From</u>	<u>To</u>
Bus and Truck Chassis	60 %	50 %
Station Wagons	100 %	60 %
Cars (upto 1300cc) for invalids	47½ %	Free
Power Tillers and Planters	12½ %	Free
Buses and Trucks in OKD condition	60 %	40 %
Tanned Leather	85 %	Free
Tea (Loose)	60 %	55 %
Artificial Limbs for the disabled and raw material for their manufacture	40 %	Free
Photo and Thermo Photo copying apparatus	85 %	40 %
Air-Craft and Spares for Flying Clubs	15 %	Free
Textiles Machinery and machinery for the manufacture of garments and other made-ups	12½ - 85 %	Free
Wool	40 %	Free

10. Pakistan has been following keenly the negotiations addressed to the preparation of various Multilateral Codes in regard to different aspects of trade policy. Pakistan will consider adherence to the Codes that may be finalised on satisfactory basis, as a contribution to the Multilateral Trade Negotiations.

11. We are deeply concerned that there has been no response to our request lists from your side so far. We

earnestly hope that it would still be possible for your delegation to respond positively to our requests, in the spirit of the commitments made by the Ministers at Tokyo.

12. We sincerely believe that a clearer indication of significant improvement in the prospects for our exports in the markets of the major industrialised countries, resulting from their responses to our specific requests, will enable us to contribute further to the process of liberalization and expansion of world trade.

Please accept, Sir, the assurances of my highest consideration.

MEMORANDUM OF UNDERSTANDING
BETWEEN THE DELEGATIONS OF
PAKISTAN AND
THE UNITED STATES OF AMERICA
TO THE TOKYO ROUND OF THE
MULTILATERAL TRADE NEGOTIATIONS (MTN)
April 2, 1979, Geneva

1. This memorandum sets forth the agreement reached by the MTN negotiators of Pakistan and the United States on the concessions and contributions to be made by the two countries to the Multilateral Trade Negotiations (MTN). This agreement is subject to the approval of both governments.

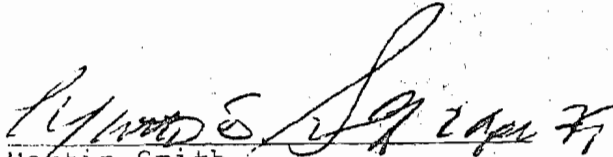

2. The United States will include in its MTN Schedule of tariff concessions the tariff items of particular interest to Pakistan listed in Annex A-1. The United States will also extend, 60 days after the approval of this agreement by the two governments, the tariff treatment (eight percent ad valorem) on TSUS 94654 (floor coverings, pile hand inserted or hand knotted, over 66 2/3 cents per square foot: provided for in item 360.15) to cover up to 250 kt/square inch, this rate to be superseded by such lower rate which comes into effect as a result of the concessions described in paragraph 3. Pakistan agrees to the undertaking on

licensing on products of interest to the United States described in Annex B-1. In addition, the United States will include the concessions shown in Annex A-2, subject to satisfactory completion of negotiations with the principal suppliers of these items. Pakistan undertakes to give its best consideration to liberalized licensing (freely importable without limitation as regards value, quantity or source) on Ex 3504 (vegetable protein isolates) as from July, 1979, or 60 days after the approval of this agreement by both governments, whichever is later, subject to the general conditions described in Annex B-1. Pakistan agrees to give sympathetic consideration to joining the Multilateral Code on Import Licensing Procedures, provided that the Code is not found by Pakistan to be inconsistent with its trade, financial and development needs.

3. The United States is further prepared to include the concessions listed in Annex A-3 in its MTN schedule, provided that Pakistan is able to agree prior to April 11, 1979, to make an offer to bind in the GATT the items listed in Annex B-2, at the rates of duty shown. The exchange of concessions described in this paragraph is understood to be supplementary to the rest of this agreement, which will not be affected by the acceptance or rejection of this exchange by Pakistan.

4. The provisions of this understanding, upon approval by both governments, will take effect on a mutually agreed date.

Dear Mr. Culbert,

Please refer to the Memorandum of Understanding between the Delegations of Pakistan and the United States of America to the Multilateral Trade Negotiations in regard to concessions and contributions to be made by the two countries, signed at Geneva on April 2, 1979. I have the honour to inform you that agreement set forth in the Memorandum of Understanding has been approved by the Government of Pakistan. Government of Pakistan have also agreed to offer to bind items listed in Annex B-2 of the Memorandum, at the rates of duty shown, on the understanding that the United States will include the item under Annex A-3, namely 36015 Floor coverings pile hand inserted, in its Schedule of Concessions with rate of duty of 5.1 percent.

2. I shall greatly appreciate to receive a confirmation of the approval of this agreement by the Government of the United States.

3. Please accept, Sir, the assurances of my highest consideration.

Jamsheed K.A. Marker
Ambassador

Mr. William E. Culbert,
Acting Head of Delegation,
United States Delegation to the

His Excellency
Jamsheed K. A. Marker
Permanent Representative
Permanent Mission of the
Islamic Republic of Pakistan
56, rue de Moillebeau
1211 Geneva 19

Dear Mr. Ambassador:

I am pleased to inform you that my Government has approved the Ad Referendum Agreement (including paragraph 3 thereof) initialed by our MTN negotiators in Geneva on April 2, 1979.

The United States has already submitted, as you are aware, a revised Consolidated Schedule (Number XX) for inclusion in the Geneva Protocol of 1979. This Schedule reflects tariff concessions agreed to by the United States in the April 2 document. On the matter of TSUS 360.15 (floor coverings, pile hand inserted or hand knotted, over 66 2/3 cents per square foot), it has become clear that for technical reasons it will be impossible to have implemented the concession (from 11 percent Ad Valorem to 8 percent Ad Valorem) contemplated in paragraph 2 of the Agreement before January 1, 1980. Recognizing the importance of this item to Pakistan, my Government is prepared to accelerate the staging of the bound MTN concession on TSUS 360.15 to the maximum extent allowed by U.S. Law, in lieu of the action contemplated in paragraph 2. The figures below illustrate this proposed alternative as compared to that specified by the April 2 Agreement:

Rate in effect until:

Jan. 1 1980	Jan. 1 1981	Jan. 1 1982	Jan. 1 1983	Jan. 1 1984	Jan. 1 1985	Jan. 1 1986	Jan. 1 1987
----------------	----------------	----------------	----------------	----------------	----------------	----------------	----------------

April 2 Agreements:

	1981	1982	1983	1984	1985	1986	1987
8%	8%	8%	8%	8%	7%	6%	5.1%

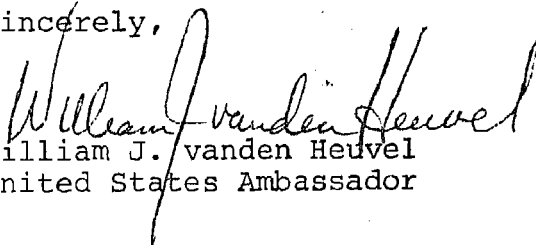

Proposed Alternative:

	1981	1982	1983	1984	1985	1986	1987
11%	8%	5.1%	5.1%	5.1%	5.1%	5.1%	5.1%

I believe it is clear that this alternative treatment is greatly to Pakistan's advantage. The United States revised Consolidated Schedules (Number XX) now includes the provisions for accelerated staging on TSUS 360.15 described above.

My Government wishes to acknowledge Pakistan's acceptance of the Ad Referendum Agreement by your Delegation's letter of April 11, 1979 and requests a note confirming the acceptability of the alternative concession on TSUS 360.15 described above. Upon receipt of this note we will consider our Bilateral Agreement to be in effect, and can proceed to include all concessions therein in our Presidential Proclamation implementing the MTN. We look forward to the submission in the near future by Pakistan of a revised GATT Schedule which will include the concessions listed in Annexes B-1 and B-2 of the Agreement. (I note, incidentally, that the Pakistani tariff numbers in Annex 2-B remain to be supplied.) We also anticipate Pakistan's actions on the understandings described in paragraph 2 of the Agreement concerning EX 3504 (vegetable protein isolates) and the multilateral code on import licensing procedures.

Sincerely,

William J. vanden Heuvel
United States Ambassador

30 August 1979

Dear Mr. Ambassador,

Please refer to your letter of 2 August 1979 and the reply thereto from Ambassador Marker dated 9 August 1979. In the absence of Ambassador Marker from Geneva, I have the honour to inform you that the Government of Pakistan have accepted the alternative concession on TSUS 36015 proposed by your side.

Tariff numbers of the items covered in Annex B2 to the Agreement are as below:
