PROGRESS OF THE CONFERENCE

At its sixth meeting, the General Committee considered the agreement reached by the Heads of Delegations on 24 December to the effect that a further meeting should be called on or about 15 January to review again the principal issues outstanding in the Conference. To facilitate an overall review of the progress of the Conference at that time the President is requesting the chairman of each principal committee to submit to the General Committee, in time for circulation on 14 January, an interim report of the principal unresolved issues in his committee and its sub-committees.
