

NOTE FROM THE EXECUTIVE SECRETARY
TO HEADS OF DELEGATIONS AND CHAIRMEN OF COMMITTEES AND SUB-COMMITTEES

Progress of Work of the Conference

At the ninth meeting of the General Committee, held on Friday, 23 January 1948, consideration was given to the progress of work of the Conference. It was decided that Sub-Committee should make every endeavour to terminate their work by 31 January, so that consideration of Sub-Committee reports might be initiated by main Committees very early next week. Heads of Delegations are, therefore, urged to instruct their representatives on the various Sub-Committees to make their maximum effort towards the accomplishment of this aim.

It is expected that Chairmen of Sub-Committees will plan their meetings with a view to terminating their work by the deadline which has been established by the General Committee.
