<sup>1</sup>It was agreed at the twenty-first session that items 2 and 5 would be subjects for discussion at the Special Session. In view of the close relationship between the work of both Committee III and the Action Committee to the provisions of the new Chapter on Trade and Development, and in view of the proposal of the Legal and Institutional Framework Committee that a Committee on Trade and Development should be established which would take over the functions of Committee III and of the Action Committee, items 3 and 4 have been included in the Provisional Agenda to enable the Chairmen of these Committees to present what may be their last reports. Items 6 and 7 have been included on instructions of the Council.
