RESTRICTIONS ON IMPORTS FROM ROMANIA

Notifications by Contracting Parties

Addendum

1. Six notifications of restrictions on imports from Romania were circulated in document L/4343/Add.1, dated 18 August 1976.
2. The following notifications have been received from Austria, New Zealand and Sweden.

AUSTRIA

No modifications have been made since the Austrian notification of 6 March 1975 (reproduced in L/4170).

NEW ZEALAND

New Zealand maintains no prohibitions or quantitative restrictions on imports from Romania. In the case of imports which are subject to import licensing, licences are issued for global use and Romanian goods are therefore accorded the same consideration as imports from all other trading partners.

SWEDEN

I have the honour to send you enclosed a list of commodities which are subject to licensing and quantitative restrictions when imported from Romania. The list reflects the changes that have been made since the notification submitted in 1975, which is reproduced in document L/4170/Add.1.

As to commodities subject to import licences, the following commodities have been removed from the list in Annex II:A in document L/4170/Add.1: 17.03, 17.05, 87.02-87.05.
