Corrigendum

The following corrections should be made to document MDF/2:

Page 2, paragraph 5, last sentence: to be added "alloyed".  
Sentence should read: ... "while the United States applied a high  
tariff of 19 per cent on unwrought alloyed zinc..."

Page 6, paragraph 17, third sentence: to be added "alloyed".  
Sentence should read: ... "as imports of unwrought alloyed zinc were  
subject in the United States to high rates of duty".

Page 8, paragraph 27, to be added after last sentence: "The  
United States representative replied that he had no knowledge of such  
legislation introduced by the administration of any imminent disposal  
plans. He noted United States legislative requirements that any  
disposals not be disruptive and that consultations with interested  
countries were routinely held on disposal programmes."
