Addendum

The United States delegation has informed the secretariat that the enactment of the Competition in Contracting Act of 1984 necessitated a number of modifications to the United States Federal Acquisition Regulations (FAR).

In order to keep the Committee on Government Procurement informed of these changes, copies of the Federal Acquisition Circulars (FACs) which implement these modifications, i.e. FACs 84-5 and 84-6, have been submitted to the secretariat where they are kept open for inspection.
