Legislation of South Africa

The following communication, dated 27 February 1987, has been received from the delegation of South Africa.

I have the honour to enclose, in accordance with Article 25:2 of the Agreement on Implementation of Article VII of the General Agreement on Tariffs and Trade, fifty copies of a revised Guide to Customs Valuation in the Republic of South Africa for the information of participants in the Committee on Customs Valuation.¹ The Guide issued in February 1983 has been revised due to certain amendments to South Africa's customs legislation (already notified to the Committee) and certain administrative procedures.

¹The Guide will be circulated separately to each Party to the Agreement. Surplus stock is available in the secretariat (Room 3025) (Extension 2342 or 2278) for interested delegations.
