Committee on Government Procurement

### THE OSLO TOLL RING PROJECT

#### Communication from the United States

##### Addendum

The following communication, dated 23 February 1990, has been received from the United States delegation with the request that it be circulated to the members of the Committee.

---

I have been directed by my authorities to request that the issue of procurement by the Government of Norway for the Oslo Toll Ring Project be placed on the agenda for the March 9 meeting of the Government Procurement Committee. Under this agenda item, we would intend to continue the Committee's detailed examination of the issue under Article VII:6 of the Agreement. You will recall that this examination was initiated at the Committee's meeting of January 19. In the event that no satisfactory solution is reached during the course of this meeting, my government reserves its right to request the establishment of a panel at that time.
