---

SECOND SESSION OF THE PREPARATORY COMMITTEE OF THE  
UNITED NATIONS CONFERENCE ON TRADE AND EMPLOYMENT.

Notification of Final Offers.

It has been brought to the attention of the Tariff Negotiations Working Party that not every delegation has complied with the request contained in document E/PC/T/172 that, on the completion of the bi-lateral stage of any negotiation, they should send copies of the final bi-lateral list of concessions, not only to the Secretariat but also to all other delegations. The Working Party considers it desirable that, if possible, delegations should conform with this procedure, and has decided that, in any case, every delegation should, as soon as possible, and not later than December 1st, 1947, provide all other delegations with copies of their consolidated list, marking against each item, the country to which the concession was granted.
